WEEKLY MAGAZINE

MARCH 18 – MARCH 22, 2024

Visionary:

Brahmasri Vanchinatha Dikshithar

(Father of Shri V.K. Sundaram, Founder Chairman, SET)

Message from the Management

Dear Friends,

We extend a warm welcome to each of you. A good education plays a major role in shaping each human's success and we believe that with each student, we are not shaping just one individual but raising a society and world with new ideals and progressive thought.

We pride ourselves on being an institution of distinction and provide students with the Best possible enabling-environment to help them achieve their individual goals.

Offering students a wide range of academic courses we provide them a solid academic foundation, guidance and support helping them realize their dreams.

The thrust on academics is strong, yet we also believe in developing the complete human potential through arts, sports and extra-curricular activities. Personality development programmes are also conducted on a regular basis to help students face interviews and project themselves confidently.

We believe that every student who steps out will be an achiever.

Shri. V. K. Sundaram
Founder Chairman

Shri. K. Vijay Kumar
Chairman

Shri. K. Ajay Kumar
Secretary

Principal's Message

Dear Friends,

Being an educationist is an enriching experience and it is wonderful to watch students you have nurtured blossom before your eyes. SEC lays the foundation for every student's entire career and the right mentoring and guidance are required at this vulnerable stage of life. We offer a supportive environment with individual attention and a nurturing attitude.

Engineering education at SEC is the perfect integration of knowledge, skills, understanding and experience which will stand every student in good stead. We offer modern and sophisticated technical infrastructure and good facilities. It's up to students to make the best of these. We endeavour to provide an inspiring environment and a campus experience that will encourage innovation and push the frontiers of research. We have built constructive and collaborative relationships with the industry and this gives students the right kind of industry exposure.

Every student at SEC is a winner and will step out a full-fledged professional with a bright future.

Dr. K. Srinivasan
Principal

Dr. R. Pradeep Kumar's Message

Dr. R. Pradeep Kumar,
CEO, Amphiventures

Power up Your Campus with Auto-Evaluation

For the last two decades, E-Box has been at the forefront of auto-evaluation and learning automation. Initially, the company viewed engineering education as the study of designing and analyzing systems, whether it be computer, machinery, electrical/electronic, or biological systems. It is vital in engineering education to verify if a student's system design meets the given requirements and to assess their comprehension of the concept.

Moreover, evaluating the student's ability to apply the acquired knowledge in creating novel systems, machines, and constructions is also necessary. However, every course includes specific exercises to be practiced by the students to gain the required knowledge and skills. Sadly, regulatory bodies such as AICTE/UGC or Universities/Colleges in India have not conducted extensive research on the science of learning engineering. They have merely worked on abstract curriculum or syllabus levels without delving into the delivery, transmission, or assimilation of each concept or course. They have focused on the term OBE, and NAAC/NBA have insisted on defining objectives for courses, assuming that such definitions or a few regulations over the blooms taxonomy model could accomplish it. Nonetheless, this approach has failed, and it's time for everyone to focus on the science of higher education.

In contrast, E-Box has been researching the science of higher education, tech-skilling, and engineering applications to build a comprehensive framework for intricate auto-evaluations. The intricate auto-evaluation enables continuous monitoring of students/trainees and provides personalized attention to every concept and topic they are learning. Human teachers cannot achieve this on a large scale. Even for a class of 60 students, it is impossible for human teachers to drive a practice-oriented approach, wherein students solve hundreds of engineering and technology problems, and subsequently evaluate them manually. But practice-oriented approach is essential for students to learn and develop the required skills. Only platforms with intricate auto-evaluations can provide this. E-Box provides intricate auto-evaluation and learning automation that can power up your campus. It's time for educational institutions to be more responsible and logical and not continue to provide sub-standard engineering education to our Indian youth. Let's understand the science of engineering education.

FOUNDER'S BIRTHDAY

The Sudharsan Group of Institutions commemorated the 98th Founder's Birthday of Bramhashri K. VANCHINATHA DIKSHITHAR on 20th March 2024, at the Sudharsan Engineering College Campus. Shri K.Ajay Kumar, the Secretary of Sudharsan Group of Institutions, respectfully paid tribute by adorning the Founder's Statue with a floral garland.

CYBER SECURITY CONFERENCE

Poster:

The poster features a dark blue background with a large shield graphic on the right side. At the top left is the Sudharsan Engineering College logo and name, including its accreditation by AICTE and affiliation with Anna University. To its right is the E-Box Colleges logo. Further right is the Institution's Innovation Council logo and a counselling code badge for 3920. The central text reads 'Department of Computer Science and Engineering in association with Cyber Crime Wing, Pudukkottai organizes a CYBER SECURITY CONFERENCE - 2024'. Below this, the date, time, and venue are listed. The chief guest is identified as Tr. R. Thean Tamizh Valavan, Additional Superintendent of Police, Cyber Crime Wing, Pudukkottai District. The coordinator is Dr. P. Sujatha M.E., Ph. D, Vice Principal & HOD / CSE, Sudharsan Engineering College. At the bottom, the presiding officers are listed: Dr. K. Srinivasan (Principal), Shri. K. Vijay Kumar (Chairman), Shri. K. Ajay Kumar (Secretary), and Dr. R. Pradeep Kumar (CEO, Amphi Ventures). Social media handles for the college and conference are provided at the very bottom.

CYBER SECURITY CONFERENCE

Sudharsan Engineering College, located on Trichy - Pudukkottai National Highway, and Cybercrime Police Station, Pudukkottai District, jointly organized the Cyber Security Conference 2024 on March 20 organized by department of CSE. Our college Principal, Dr. K. Srinivasan, delivered the keynote address, and honoured the special guest and the resource persons. Our college Vice Principal & HoD/CSE, Dr. P. Sujatha, coordinated the ceremony and delivered the welcome speech. Thiru. Thean Tamil Valavan, Additional Superintendent of Police, Cyber Crime, Pudukkottai District is the chief guest. He addressed the students about cybercrime and how to protect ourselves from frauds. Mr.Elamaran, Lecturer -Gandharvakkottai, Government Polytechnic College addressed about what cybercrime is, its evils, ways to prevent from crime activities. Mr. Arjun Kumar and Mr. Suresh Kumar - Cyber Security trainers of Systech,Trichy, addressed the students about how to protect ourselves and those around us from cybercrime in the future by giving examples of incidents that happen in our daily lives. Mrs. Balakrithiga Inspector of Police, Cyber Crime Unit, Pudukkottai District delivered vote of thanks. Chairman Shri.K. Vijaykumar and Secretary Shri.K. Ajay Kumar of the College and Mr.Pradeep Kumar, Chief Executive Officer of Amphi Ventures, are encouraged to conduct more events on the importance of cyber security in the growing cyber world.

Steps:

Student login

Step-1:

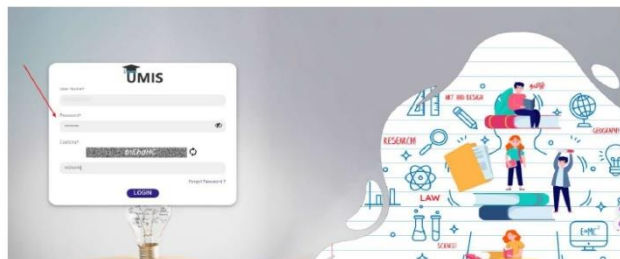

For the student module, students are required to log in using their EMIS/UMIS number

Step-2:

For the First time student's login: **User name:** The user name is the EMIS/UMIS number (you may get it from your respective institute nodal officer). For example, 9*****12.

Password: The default password is an 8-digit combination of the last 4 digits of their mobile number registered in UMIS and their year of birth. For example, if your mobile number is 9876-05-4321 and your DOB is 12/09/1999, then the password is '43211999'.

IIRS Outreach Program: Geospatial Analysis using Google Earth Engine

Aim:

The program aimed to equip participants with the knowledge and skills to leverage Google Earth Engine (GEE) for geospatial analysis. GEE is a cloud-based platform offering access to vast satellite imagery datasets and powerful processing capabilities.

Outcomes:

- **Faculty and Student Development:** Faculty members and students from Sudharsan Engineering College successfully completed the course. This enhanced their understanding of geospatial concepts, spectral analysis, and visualization techniques using GEE.
- **Technical Expertise:** Participants gained proficiency in extracting features, analyzing time series data, and creating informative visualizations using GEE's scripting environment.
- **Nodal Center Recognition:** Sudharsan Engineering College served effectively as a nodal center for the IIRS ISRO program, facilitating successful registration and participation for its members.

Overall Impact:

- **Increased Capacity:** The program empowers faculty to integrate GEE into their curriculum, fostering geospatial skills development among future engineers.
- **Research Potential:** Students are now equipped to utilize GEE for research projects, leading to advancements in various fields.
- **Institutional Recognition:** Sudharsan Engineering College's role as a nodal center strengthens its reputation for promoting geospatial technologies within the academic community.

This successful program signifies a valuable capacity-building initiative for Sudharsan Engineering College. The acquired knowledge and skills will empower

IIRS Outreach Program: Exploring Earth’s Moon through Chandrayaan

Aim

The aim of the IIRS ISRO outreach course, "Exploring Earth's Moon through Chandrayaan," was to provide faculty members and students at Sudharsan Engineering College with a comprehensive understanding of lunar exploration through India's Chandrayaan missions.

Outcomes

- **Enhanced Knowledge:** Participants gained in-depth knowledge about the scientific context of lunar exploration, the specific contributions of Chandrayaan-1 and Chandrayaan-2 missions, and the upcoming Chandrayaan-3 mission.

SUDHARSAN ENGINEERING COLLEGE

SATHIYAMANGALAM, PUDUKKOTTAI

SUDHARSAN CHRONICLES

We Revolutionize Engineering
& Technology Learning

- **Data Analysis Skills:** The course exposed participants to the data repository for Indian lunar missions, potentially sparking interest in research opportunities related to processing and analyzing lunar scientific data.
- **Increased Awareness:** The program fostered a broader awareness of India's space exploration endeavors and their significance in understanding the Moon's history and its connection to Earth's evolution.

Overall Impact

- **Faculty Enrichment:** Equipped faculty members with enriched knowledge to potentially integrate lunar science concepts into their curriculum, inspiring future generations.
- **Student Engagement:** Sparked student interest in space exploration and research, potentially leading them to pursue careers in related fields.
- **Collaboration:** The successful completion of the course through the Sudharsan Engineering College IIRS ISRO nodal center strengthens the collaborative relationship between the institute and the national space agency.
